7. Kebolehesanan

BAB 1: POLISI HALAL

1.1 Pengenalan

ABC Restaurant komited untuk mengeluarkan produk yang dijamin Halal mengikut standard JAKIM dan Manual Prosedur Pensijilan Halal Malaysia (MPPHM) 2020.

1.2 Objektif Halal

Halal Certification and Control System Requirements

ABC Restaurant, as a food service establishment, must ensure that all food and beverages served to the community are halal-certified and supported by an effective Halal control mechanism in compliance with MPPHM 2020 standards.

1. Ensure that all food and beverages supplied to customers are prepared in a halal-certified kitchen that holds a valid Sijil Pengesahan Halal Malaysia (SPHM) [@2].
2. Prevent cross-contamination by ensuring that halal-certified food and beverages are not mixed with non-halal products, including those prepared in non-halal kitchens [@2].
3. Appoint at least one permanent Malaysian Muslim employee for each food service outlet who is present throughout the operational or shift period to support halal compliance [@2].
4. Designate a Halal Supervisor at the premises level to oversee daily halal operations and ensure adherence to internal halal control procedures [@2].
5. Establish and implement an Internal Halal Control System (IHCS) based on the MHMS 2020 Manual, ensuring documented procedures, monitoring, and record-keeping are maintained for audit readiness [@2].

Responsibility: Management and Halal Supervisor at ABC Restaurant

Reference: MPPHM 2020 Section 18(4)(j)(iii); Section 18(4)(j)(ii); Section 18(4)(j)(i) [@2 ; @1]

1.3 Skop Pensijilan

Syarikat ini memohon pensijilan halal untuk kategori: **Perkhidmatan Makanan**

BAB 2: KAWALAN BAHAN MENTAH

2.1 Prosedur Penerimaan Bahan

Section 2.0: Supplier Verification and Halal Compliance

Verification of supplier halal compliance is a critical component of the Internal Halal Control System (IHCS) for food service establishments, ensuring that all raw materials and ingredients used in food preparation are sourced from certified halal suppliers.

- 1. Obtain and review valid Halal certification documents from all suppliers of raw materials, including meat, poultry, and other ingredients, prior to acceptance of delivery.
- 2. Verify the authenticity of the Halal logo and certification number on supplier packaging or documentation, ensuring that the certification is issued by an accredited authority such as JAKIM and is current and applicable to the product type.
- 3. Conduct periodic audits or spot checks on supplier documentation and traceability records to confirm ongoing compliance with Halal standards.

Tanggungjawab: Halal Supervisor and Procurement Officer

Rujukan: MPPHM 2020 Seksyen 2.0 [@2]

2.2 Senarai Pembekal Halal

Semua bahan mentah mesti daripada pembekal yang diluluskan dan mempunyai sijil halal yang sah dari badan pensijilan yang diiktiraf oleh JAKIM.

Bil	Nama Bahan	Pembekal	No. Sijil Halal	Tarikh Luput
[Sila isi maklumat pembekal anda]				

BAB 3: REKOD PEMBELIAN

3.1 Prosedur Rekod Pembelian

Record Retention Policy

ABC Restaurant shall maintain all Halal-related documentation, including receipts, for a minimum period of three (3) years to ensure compliance with MPPHM 2020 requirements and support audit readiness.

1. Receipts related to Halal-certified ingredients, equipment, and services must be systematically organized and stored in a secure filing cabinet.
2. All records must be retrievable and accessible for internal review and external audit purposes.
3. Retention period begins from the date of transaction and must be strictly adhered to, regardless of the type of documentation.

Tanggungjawab: Halal Compliance Officer and Finance Department

Rujukan: MPPHM 2020 Seksyen 18(4)(j)(iii); MHMS 2020 Manual [@2; @1]

3.2 Tempoh Penyimpanan Rekod

Mengikut kehendak MPPHM 2020, semua rekod pembelian mesti disimpan sekurang-kurangnya **3 tahun** untuk tujuan audit dan kebolehkesanan.

BAB 4: PROSEDUR PEMBERSIHAN

4.1 Standard Operating Procedure (SOP) Pembersihan

Section 4.3 Cleaning and Sanitization of Equipment and Utensils

Proper cleaning and sanitization of equipment and utensils are essential to maintain halal integrity and prevent cross-contamination.

1. Wash all equipment and utensils with soap and water to remove visible residues and contaminants.
2. Rinse thoroughly at least twice to ensure complete removal of soap and debris.
3. Dry all items properly using clean, dedicated cloths or air-drying methods to prevent microbial growth and contamination.

Tanggungjawab: Kitchen Staff and Hygiene Supervisor

Rujukan: MPPHM 2020 Seksyen 4.3 [@2; @1]

4.2 Prosedur Sertu (jika berkenaan)

Sekiranya terdapat pencemaran najis mughallazah (babi atau anjing), peralatan mesti dibersihkan menggunakan kaedah Sertu:

1. Basuh dengan air mengalir sehingga bersih
2. Sapukan tanah pada bahagian yang tercemar
3. Basuh dengan air mengalir sebanyak 6 kali
4. Pastikan tiada bau atau kesan pencemaran

BAB 5: TANGGUNGJAWAB HALAL

5.1 Eksekutif Halal Dalamam

Halal Executive Appointment

The Halal Executive shall be appointed at the company management level to oversee the implementation and maintenance of the Internal Halal Control System (IHCS) in compliance with the Malaysian Halal Certification System (MHMS) 2020.

1. Confirm the appointment of Ahmad bin Ali as the Halal Executive in writing, including job title, responsibilities, and reporting line.
2. Ensure the Halal Executive is a Malaysian citizen and Muslim, with adequate knowledge and authority to implement Halal compliance across all food premises.
3. Provide formal documentation of appointment to the Halal Certification Body as part of the certification application or audit submission.

Tanggungjawab: Management / Human Resources Department

Rujukan: MPPHM 2020 Seksyen 5.2.1; MHMS 2020 Manual [2; 1]

5.2 Carta Organisasi Halal

Syarikat telah melantik Eksekutif Halal yang bertanggungjawab untuk:

- Memastikan pematuhan kepada standard halal
- Menjalankan audit dalaman secara berkala
- Menguruskan dokumen dan rekod halal
- Melatih kakitangan tentang keperluan halal

BAB 6: REKOD LATIHAN

6.1 Program Latihan Halal

Section 6: Halal Training and Competency

All personnel, including all staff at ABC Restaurant, shall participate in annual halal awareness training to ensure ongoing compliance with Halal certification requirements and internal halal control systems.

- 1. Annual halal awareness training shall be conducted for all employees involved in food handling, preparation, and service operations.
- 2. Training records shall be maintained and updated to reflect attendance, content covered, and training dates.
- 3. Training shall be delivered in accordance with the requirements specified in the Malaysian Halal Management System (MHMS) 2020 Manual, covering key topics such as Halal principles, relevant standards, and internal control procedures.

Tanggungjawab: Human Resources and Halal Supervisor

Rujukan: MPPHM 2020 Seksyen 13(d); MPPHM 2020 Seksyen 13(h) [@2]

6.2 Rekod Kehadiran Latihan

Bil	Nama Kakitangan	Jawatan	Tarikh Latihan	Topik	Tandatangan
[Sila rekodkan latihan yang telah dihadiri]					

BAB 7: KEBOLEHKESANAN

7.1 Sistem Kebolehkesanan

Batch Numbering and Product Traceability

Effective batch numbering is essential for maintaining product traceability throughout the production and distribution process, ensuring compliance with halal certification requirements and enabling swift recall if necessary.

1. Assign a unique batch number to each production run of food products at the start of processing.
2. Record batch numbers in the production log and ensure they are clearly marked on all packaging and storage containers.
3. Retain batch records for a minimum of two years, including raw material sourcing, processing details, and distribution data.
4. Integrate batch number tracking into the Internal Halal Control System (IHCS) to ensure consistency and audit readiness.

Tanggungjawab: Production Supervisor and Halal Compliance Officer

Rujukan: MPPHM 2020 Seksyen 7.3; MHMS 2020 Manual [2]

7.2 Prosedur Penarikan Balik Produk

Sekiranya berlaku isu halal, syarikat akan:

1. Mengesan semua produk yang terjejas menggunakan nombor batch
2. Memaklumkan JAKIM dalam masa 24 jam
3. Menarik balik produk dari pasaran
4. Menjalankan siasatan punca masalah
5. Melaksanakan tindakan pembetulan dan pencegahan
